 Harrison Artistry In Wood

HARRISON ARTISTRY IN WOOD

We hosted our first seminar at our new facility in July, 2012! We had a great group of carvers here to learn from Floyd Scholz. As one of the students put it *"The Peregrine Falcon class given by Floyd Scholz was by far the best, well-conducted carving class I have ever had.*

Floyd's no-nonsense way of explaining the different techniques made the class relevant, accurate and highly informative—there is no wonder why Floyd is the BEST raptor carver of our time! The setting provided by the Harrisons takes outstanding teaching and couples it with a fantastic setting & down-home hospitality and spacious areas for the students to learn"

Floyd will be returning in June, 2013, for another 10 day class. This will be a Merlin Falcon, action pose! Floyd had this to say —"*...When it comes to Bird carving shows and seminars, I've been everywhere and seen it all and am NOT easily impressed.... But...having just completed my part in conducting a 10 day Falcon seminar at Doug and Gerri Harrison's new location in Bend, Oregon, I can say this with utmost enthusiasm...Harrison Artistry in Wood provides all that one could ever ask for in a bird carving seminar. A magnificent location nestled among the towering mountain peaks of central Oregon is a good place to start. Add to that a spacious, well lit teaching facility, warm and friendly hospitality, and an abundance of delicious home cooked food and you have the perfect formula for an unforgettable seminar experience. ..."* We hope to see you at one of our classes soon! Doug & Gerri

Yes, we have a SUPER massage therapist that makes house calls, and is very reasonably priced! She set up under the trees, by the pond out back, for anyone interested. Here's Floyd enjoying a break!
