

Harrison Artistry in Wood

64650 Old Bend-Redmond Hwy, Bend, Oregon

Presents:

Larry Martin
House Wren

June 16-21, 6-day, Monday-Saturday

Larry Martin, Master Carver, is a frequent program presenter for various northwest carving clubs, associations and other organizations. He teaches weekly bird carving classes in Western Washington and his studio in Gig Harbor. The birds are carved from Tupelo; hard flight feathers, wings and tail are burned using a wood burner and fine burning tip; soft feathers are usually detailed with small ceramic stones. This is a complete bird, with carving, eye-setting techniques, blended acrylic washes, feet and legs and habitat. A very detailed power-carving project.

Not the class project! Just a great picture of a House Wren!

Join us in our fabulous, comfortable new 36'x48' carving facility. Demos will be on a large screen HD TV so you can watch from your comfortable, adjustable office/ergonomic chair, if you choose. Secluded, wooded 5+ acres. with pond, water features, RV parking, hookups and tent space available. 3 miles northwest of Bend, OR, Hwy 97 & Hwy 20. Easy access to town and accommodations, with special class pricing at 2 close hotels (within 3 miles).

Tuition: \$ 475 (includes all meals, snacks and beverages [non-alcoholic] - all special dietary needs will be accommodated!) \$200 Deposit holds a spot. **Don't delay—call for more info or sign up today!**
